

# Mugisha Afani - Software Developer 🧑💻

☎ Phone: 0798628366 | ✉ Email: mugishaafani@gmail.com

LinkedIn: AFASA | GitHub: AFASAPRO

Location: Rwanda, Kigali

## 🎯 Objective

A passionate and dedicated Software Developer with hands-on experience in designing, developing, and maintaining software applications. Strong skills in programming languages such as Node.js, PHP, and Python, And modern frameworks for Backend and Frontend with a focus on modern web development technologies. Seeking to contribute my expertise in a challenging and rewarding software development role.

## 🔧 Skills

- Programming Languages: JavaScript, Node.js, PHP, Python,
- Web Technologies: HTML5, CSS3, EJS, AJAX, React, Laravel, Tailwind CSS
- Databases: MySQL, MongoDB, PostgreSQL
- Version Control: Git, GitHub
- Frameworks: Express.js, Laravel, Vue.js, Bootstrap, Tailwind CSS, React, Vuejs
- Tools: Docker, Jenkins, Postman, Nginx
- Software Development Practices: Agile, TDD, Continuous Integration, Waterfall
- Other: RESTful API design, OAuth, WebSockets, GraphQL, GitFlow

## 💼 Professional Experience

Software Developer | Infinity

Kigali, Rwanda | 24,04,2025 - Present

- Developed and maintained full-stack web applications using Node.js, Laravel, and React.
- Implemented real-time chat features with WebSockets and integrated RESTful APIs.
- Collaborated with cross-functional teams to define, design, and ship new features.
- Optimized SQL queries for better database performance and scalability.
- Led the development of a modern, responsive chat application, integrating file sharing, real-time messaging, and user authentication.
- Wrote unit and integration tests to ensure code quality and minimize bugs.

Junior Software Developer | [Infinity]

[Kigali] | [20/05] - [2025]

- Built dynamic web applications using PHP, Laravel, and MySQL.
- Worked with a team of developers to design and implement new features for client applications.
- Utilized modern JavaScript frameworks such as Vue.js to create interactive user interfaces.
- Actively participated in code reviews and refactoring to maintain codebase quality.
- Gained experience with front-end technologies such as HTML, CSS, and JavaScript, enhancing user interfaces for better engagement.

## Education

Bachelor's Degree in Computer Science

[University Name], [Location] | [Year of Graduation]

!!Still Learning

## Projects

Online Examination System

- Developed a full-stack online examination system using Laravel, MySQL, and JavaScript.

- Implemented multi-step user flows, including exam preparation, student dashboards, and examresult tracking.
- Designed an intuitive and responsive interface for both admins and students.

### Real-Time Chat Application

- Created a modern, real-time chat app with Node.js, Express.js, and WebSockets for seamlesscommunication.
- Integrated emoji support, media sharing, and message updates in real-time.

## Certifications

- JavaScript Algorithms and Data Structures - freeCodeCamp
- Laravel Certification - [Certification Authority]
- AWS Certified Developer - Associate - [Certification Authority]

## Languages

- English (Fluent)
- French (Intermediate)
- Kinyarwanda (Fluent)
